SUMMARY

Current journalism student and managing editor of a quarterly independent and irreverent gaming and culture magazine focusing on unknown or early-career video game developers and the impacts of their work on the wider industry. Researches and writes content for web and print, manages and edits contributor submissions, and helps create audio and video content for social media.

SKILLS

- **Writing and editing:** Producing web and print content in line with AP guidelines; providing developmental and copy edits for contributor submissions
 - **Editorial team experience:** Working with editors and contributors to meet monthly and quarterly publication deadlines
 - **Audio editing:** Trimming and mixing audio interview clips in Adobe Audition
 - **Photography and photo editing:** Both 35mm film and digital, editing in Adobe Lightroom
-

EXPERIENCE

Managing Editor – Back Alley Games, Chicago IL Jan. 2025 - Present

Restructured nonprofit newsletter into monthly, then quarterly publication, including the addition of regular contributors, the creation of a website and social media, and the expansion to over 20 paid annual subscribers.

- Led transition from local nonprofit newsletter into journalistically styled publication
- Recruited and manages three regular contributors for monthly and bi-monthly submissions, conducts interviews, creates and formats print and web content
- Created a web presence for the publication, including a website that hosts all written content, an online store, and subscription management tools.

Delivery Driver – Sherwin-Williams Paint Company, Livonia MI Aug. 2022 - Present

Performs delivery tasks with an emphasis on time management and adherence to DOT regulations.
